

Green spaces and fresh air are important to us all.

A free boost to physical health and emotional balance is provided by green spaces just a short drive away. These spaces offer an opportunity to unwind from the daily stresses we all face. And Somers Land Trust volunteers work every day to keep it that way.

Increased usage of local green spaces provides a welcome yet significant challenge to our small volunteer crew who work diligently to keep trees sawn through and shrubs trimmed back from trails,

who manage educational and infrastructure projects, and – sadly – must sometimes fight the effects of vandalism.

Please consider donating a few hours along with your dollars to help us keep the trails open for all.

Check out somerslandtrust.org and sign up for our newsletter to keep up to date on our projects. Thank you in advance for your support.

Please join or renew your membership in the Somers Land Trust today. And volunteer to help keep the trails clear and open.
